Introduction to Divi's

Divi's in 2021: Setting the stage for sustenance

Divi's Laboratories Limited is now one of the leading pharmaceutical companies in the world, manufacturing Active Pharmaceutical Ingredients (APIs) and Intermediates.

Through our scale, reach and range of activities, we are at the forefront of manufacturing leading generic compounds, nutraceutical ingredients and custom synthesis of APIs and Intermediates for global innovator companies.

With two manufacturing units, market presence across ~95 countries, a team of ~17,000 people, a portfolio of ~130 products across diverse therapeutic areas, we are one of the largest API companies in the world. We are committed towards our goal of sustainable chemistry, thereby optimising our processes and practices that not only protect but also enhance human health and the environment.

Divi's has set up three R&D centres comprising a team of competent and qualified people that help us to continuously innovate our processes – the result of which, 10's of process patents were

granted and we were able to attain global leadership position in majority of the products manufactured, while making sure our processes and practices are sustainable.

Vision:

We envision creating value for all our stakeholders by manufacturing high quality generic APIs, custom synthesis of APIs & Intermediates along with Nutraceutical Ingredients to the Global Pharmaceutical & Nutraceutical industry through sustainable leadership in chemistry.

Mission:

We at Divi's aim to be a responsible business, adding value through our core competency in the area of chemistry while adhering to our core values and serving the immediate community and at large through our diverse social initiatives that would establish a strong foundation for a better tomorrow for all stakeholders.

Setting the Stage for Sustenance

At Divi's, we aim at creating maximum positive impact along with the best output as a responsible API manufacturing company. We continue on our path to fully integrate sustainability into all of our core businesses and manufacturing functions.

We have worked hard on developing our technology and methodology in the background, while presenting the company's choices in the forefront. These choices represent our agility, reliability, commitment and responsibility.

We as an organisation have been driving towards setting the stage for sustenance in all the operational aspects through a "proactive" approach rather than a "problem-solving" approach. We have defined our approach by emphasising the facilitation for business growth through investments in backward integration, creation of significant capacities, investments in newer technologies that enables sustainable operations which will make us future ready.

Setting the stage for sustenance at this juncture is a given for Divi's, than a choice. Divi's has always vied for positive change that represents the divergence of technological innovation and a purpose driven growth. Today, Divi's is recognised as a "Vision-Led" Company, where committed teams collaborate and strive to manufacture high quality APIs, while simultaneously strategising to attain sustainable growth in the journey ahead, as well.

Child Empowerment

Education for all

The country aims at ensuring better education for all and a better quality of life for children through education. However, a large section of our society is still unable to send their children to school. Divi's supports children from economically backward families with access to quality education.

Highlights of FY2020-21

At Divi's, we believe that education is one of the most effective ways to even the odds of a person and set them up for success in life. The focus is on providing inclusive and equitable quality education. Through the schools around our manufacturing facilities, we facilitate quality education, scholarships, technical and vocational education to children.

Divi's wishes to provide children the opportunity to learn and grow, so they become healthy and responsible citizens of tomorrow. Our efforts at empowering children are not limited to learning material alone but access to safe drinking water, nutritious food, regular health check-ups, appointment of teachers and setting up new infrastructure necessary for advanced learning at schools.

Shaping dreams

We have also strived to contribute towards uplifting children who are visually challenged, so that they can gain access to higher studies. Divi's has been supporting schools with visually-challenged students and recently has taken up the responsibility to sponsor the education of one such meritorious student from Yendada, who we believe can excel through her hard work and determination. We hope she reaches greater heights!

Development of Model School, Siricilla

We realise that children require a safe environment where they can be nurtured and provided guidance to overcome academic hurdles and grow as capable individuals. In our endeavour to contribute towards the growth and development of the future of deserving children, Divi's continues to support the development of various Government schools and one such school developed this year is the Model School at Siricilla, with several facilities.

Providing Safe Drinking Water

Project Sujalam

Divi's endeavours to make safe drinking water available to those who do not have access to potable water. Our Project Sujalam – any time safe drinking water for all – aims to make safe drinking water accessible to the communities around our manufacturing facilities.

Water purification programme

At Divi's, we understand that water is a fundamental right to life and should be available to everyone. It brings us immense joy to help the people who do not have direct access to safe drinking water.

The water in and around Andhra Pradesh and Telangana contains dangerously high levels of fluoride which we aim to purify through our Water Purification Programme 'SUJALAM'. We have made it our mission over the past many years to use techniques like reverse osmosis to get rid of ground water impurities like fluoride, lead, sodium, and chlorine while also installing storage water tanks in the local communities, so that continuous drinking water is available, accessible and consumable.

Promoting greenery in these regions has helped improve the ecological balance and has created a healthy environment.

We have also observed the importance of oxygen cover that these plantations provide to the local population in the villages. Every sapling Divi's has planted and will plant is to facilitate clean air for our future generations. Over 5 lakh cubic metres of oxygen has been estimated to be released by the plantation drives taken up by Divi's.

Animal Welfare

An often-overlooked part of our system are the domestic animals around communities. We understand that dairy farming is an important source of subsidiary income to small/marginal agricultural farmers. In addition to milk, the manure provides a good source of organic matter for improving soil fertility and crop yields.

Divi's understands the importance of dairy farming in the local communities and has initiated several animal welfare programmes to keep the livestock healthy. This includes disease prevention, veterinary treatment, appropriate shelter management, nutrition and humane handling.

Since agriculture is mostly seasonal, there is a possibility of finding employment throughout the year for the rural population through dairy farming.

The company has proposed several initiatives, which focuses on women who are the driving force of this programme and play a significant role in dairy farming. Increasing animal productivity, better health and breeding facilities and management of dairy animals can reduce the cost of milk production and help them achieve a sustainable income.

Objectives of the project:

- To achieve 40% income increase for participating women
- To make dairy farming a sustainable and expandable activity

Project output:

- Increase in income and better living standards of the women involved in dairy farming
- Improved health of animals
- Improved milk consumption pattern and nutritional status of the target households

Setting the path to Development

The people living in villages are sometimes deprived of basic community infrastructure, due to lack of proximity to urban areas. Under-developed infrastructure, roads, educational centres and lack of medical facilities are a hindrance. Divi's strives to bridge this imbalance by contributing towards the development of the rural areas.

Kondappa Tank (Visakhapatnam)

Recently, we developed various facilities at the Kondappa Tank area, by setting up of a walking track and a Health Arena for elders. This facility has been constructed for the usage of people for recreation and health activities. The area has been developed with green cover to provide a sense of recreation to the elderly and children.

Significant projects undertaken by Divi's in FY2020-21:

- Development of Children's Park at P.M Palam
- Gym equipment distribution to Cherukupalli Panchayat
- Cricket kits distribution to two villages
- Hydraulic Auto to Guduwada Panchayat
- Distribution of LED lights to Thudem
- Provision of kitchen shed and toilets at Maddipeta

Covid-19 Aid – Lending a Helping hand

The year 2020 shook the global community to its core and despite all the pain and suffering, the unbreakable human spirit has shone through. While we emerged stronger and wiser from the Covid-19 pandemic, we are acutely aware that the pandemic has widened socio-economic inequities.

This has made our resolution to help our communities become stronger and made us realise that our responsibility towards them has to increase significantly.

While our cause to help people continues, we also work to remain steadfast in sustaining our API supply operations. For our employees, we plan to learn from the new operating techniques practiced today, to ensure

continuity of work through the pandemic, making their safety and health our utmost priority. We assure our community that we will take the best measures to keep them safe during these difficult times.

Helping Fight Covid-19

Lending a helping hand to ~1,900 migrants a day by Divi's employees!

At a time when the migrant workers set out on long and arduous journey to their hometowns, Divi's employees volunteered and came forward to help them by providing food and water to help them throughout their journey. Migrant workers travelling through Andhra Pradesh and Telangana to their respective states: ie West Bengal, Pondicherry, Orissa and Tamil Nadu each day by road were provided with fruits, snacks and refreshments voluntarily by employees.

Sanitising communities around our manufacturing units, safeguarding the health of ~5,00,000 people!

During the first wave of Covid-19, Divi's initiated by sanitising communities using sodium hypochlorite, spraying bleaching solution and provided bleaching powder to the local authorities around the villages near our manufacturing units.

Distribution of essential provisions to the needy, supporting the well-being of ~1,10,000 people!

Divi's distributed rice and essential provisions such as pulses, cooking oil and soaps to support the needy in the communities around our manufacturing units.

Supporting the safety & well-being of ~5,000 Covid-19 front-line warriors a day!

Divi's expressed its gratitude towards Covid-19 frontline warriors by supporting state-local police and health care authorities by setting up disinfectant tunnels and providing water dispensers at police check posts, distributing disposable safety suits, nose masks, protective eye gear etc.

Creating awareness among the communities with ~7,000 families on Covid-19!

The Covid-19 outbreak has left many people feeling worried, isolated, lonely and stressed, due to the misquoted information regarding the pandemic. Divi's realised that there is a need to raise awareness, build solidarity, support each other, and be kind during these tough times.

Setting up Oxygen generation plants in two major Government hospitals, helping patients have access to uninterrupted oxygen supply!

Amidst the oxygen shortage across the nation due to the sudden increase in Covid-19 cases, the need for oxygen at the hospitals and healthcare centres had reached its threshold.

Upon the request of the state and local government authorities, the team at Divi's converted two of its nitrogen plants to oxygen plants and installed them in two major hospitals in Telangana and Andhra Pradesh. Divi's shall continue to take initiatives in its capacity to contain Covid-19 and extend its support in saving lives.

Supplying oxygen cylinders and concentrators to Government hospitals in Telangana & Andhra Pradesh!

Recently, as the Covid-19 cases in the nation were on the rise, the need for oxygen cylinders and concentrators for hospitalised Covid-19 patients has increased drastically. The scenario of oxygen shortage turned many into using oxygen concentrators, due to the unavailability of oxygen cylinders.

In this crisis situation, Divi's extended its support by providing oxygen cylinders and concentrators to the Government hospitals in AP & Telangana. We hope that, this initiative helped in keeping the patients safe & have access to uninterrupted oxygen during hospitalisation.

Sanitising communities and spreading awareness around our manufacturing units, benefitting ~1,35,000 people!

Sanitisation is a preventive and strategic method to contain the spread of Covid-19. With a surge in the second wave of Covid-19 pandemic, one key challenge is to ensure that the virus does not affect people in the rural areas.

Divi's has always taken multiple measures with an intention to promote health and well-being of the communities around its manufacturing units. Divi's team has been on the ground, undertaking sanitisation activities in the communities and villages around its manufacturing units. Also, Divi's resumed back its activities on spreading awareness in the rural communities, helping the people understand the ever-changing guidelines and information about the pandemic. We hope that these initiatives helped people take necessary precautionary measures to self-care and care of the community.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

- Does the policy relating to ethics, bribery and corruption cover only the company? Does it extend to the Group/ Joint Ventures/ Suppliers/Contractors/NGOs/ Others?

The policy relating to ethics, bribery and corruption not only cover the Company but also extend to our stakeholders, viz., suppliers, customers, employees etc. The Company's policy, Code of Ethics And Business Conduct (hereafter referred as Code of Conduct), affirms its commitment to the highest standards of integrity and ethics. The Code of Conduct guides all workforce including supervisory, executive and managerial employees of the Company as well as the Board members. Divi's Code of Conduct conforms to standards of corporate governance by complying with the applicable laws and regulations. This policy helps to ensure fulfillment of responsibilities towards stakeholders and implement standards with transparency, integrity, accountability and corporate social responsibility in all dealings. The policy is communicated to the employees across all the locations. The organization makes all the stakeholders aware of the Company's policies. The policy documents are made available extensively for ready reference. If any unethical issues are identified or come to the notice, disciplinary actions like termination from job / discontinuation of contract or agreement are resorted to.

- How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof.

We have not received any significant complaints from stakeholders in the last financial year.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

- List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/ or opportunities.

(a) By-product management with specialized recovery units

- Upgrade to energy efficient equipment
- Replacement of equipment to reduce the Steam losses
- Silos for handling powder material

- For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

(a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Being an API manufacturing company, no product will directly reach the consumer, hence point (b) is not applicable.

- By-product management with specialized recovery units

Earlier, we used to send a few azeotrope-mixtures of solvents to cement industries where they were used as fuels as we had no recovery system. This led us with no option other than using fresh solvent for each batch thereby wasting precious resources. We have now established PSDS (Pressure Swing Distillation System) to separate an azeotrope of homogeneous mixed solvents, thereby recovering them as virgin solvents. Due to this implementation of this process, solvent recovery increased by over 95%. Other resulted benefits include significant annual reduction of water by ~2,200 M³, energy consumption by 25%, hazardous waste generation by 95% and GHG emissions by ~2,860 TCO₂e.

- Upgrade to Energy Efficient Equipment

Based on continual energy conservation assessments, schemes like replacement of screw air compressors with energy efficient centrifugal air compressors benefited us in reducing energy consumption. In addition to lower maintenance, other benefits linked to this initiative include reduction in 39% of

operating costs, power consumption by 40%, heat recovery achievement up to 500 GJ and as a result, GHG emission associated with this operation is reduced by ~3,498 TCO₂e per year.

III) Replacement of equipment to reduce the Steam losses

Replaced less efficient steam traps with advanced compact models. In addition to the decrease in process time cycles, this initiative contributed in significant reduction in water by 150 million litres, power consumption by ~5,719 MWH and GHG emissions by ~3,800 TCO₂e per year.

IV) Silos for handling powder material

Implementation of bulk powder material handling through silos helped the company with yearly reduction in usage of PE bags by 42,144 numbers in addition to water conservation and associated GHG emissions. This initiative benefited us in minimizing process operation time cycles, hazardous waste and manpower.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

Yes, the Company has laid down a Sustainable Procurement Policy and related standard operating procedure for the selection and approval of its vendors for sourcing of material. As a policy, sustainable sourcing requirements are prioritized giving equal importance to quality, environment and ethical factors.

(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company has a system in place for compliance evaluation of the EHS aspects of key suppliers and vendors for critical raw materials / intermediates.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

local / small vendors. Majority of daily services are executed through engaging neighbourhood communities.

Divi's has been continuously putting efforts in engaging services of local people, procurement of goods from the small producers and farmers in the surrounding rural areas. To achieve this objective, the Company has established a community-based skill development centre and taken up several multifarious programmes for upgrading their skills and business growth.

5. Does the company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof

Yes, the Company has a mechanism to recycle the process solvents and dispose process waste to authorized offsite facilities for their reuse. The concept of circular economy is well practiced in the Company and our revenues over the years got augmented on a steady basis by implementing circular economy through extended life cycle only. The Company considers waste as a valuable resource and has been meticulously abiding by, since inception, the principle of Value Recovery Management (VRM). The normal 3R approach (Recover, Recycle, Reuse) is extended to 12R+ in the Company. After extracting whatever possible from the by-products (waste), the remaining residues that cannot be gainfully consumed back in our processes even after treatment or unusable as fuel are escorted out to other industries for their use under Partnership for Green Programme.

Divi's has realized that co-processing of hazardous substances as alternate fuel in cement industry is beneficial whereby hazardous wastes are not only destroyed at higher temperature, but its inorganic content gets fixed with the clinker apart from using the energy content of the waste. For the year under consideration, approximately 95% of the waste was recycled through co-processing. Spent catalysts are sent back to the vendor for regeneration and reuse.

Management Discussion and Analysis

1. Economy and Industry Outlook

Global Pharma Industry Outlook & Emerging Trends:

As per IQVIA (formerly Quintiles and IMS Health, Inc.), which monitors global healthcare and clinical research, the global medicine market is expected to grow at 3-6% CAGR through 2025, reaching about \$16 trillion in total market size in 2025. Developed countries will continue to hold the highest market share & Pharming markets with good growth rates. Oncology, Immunology, Anti-diabetics, Neurology, Cardiology, Anti-coagulants, Respiratory & Pain will be the top 8 segments by value. The generic share of spending is also expected to rise, driven by ongoing market dynamics around the use of medicines, the adoption of newer treatments, the impact of patent expiries and new generic competition, which will all contribute to the market growth for the next five years.

In developed countries, the adoption of new treatments, patent lifecycles and competition from generics and biosimilars, are expected to continue as the main factors influencing medicine spending and growth. During 2021-2025, the developed market CAGR is expected to be 2-5%. In Pharming countries, dramatic increase in healthcare access was the largest driver of change in the use of medicines historically. Growth in the region will be led by China, which is expected to accelerate post-Covid, driven by greater uptake and use of medicines. Pharming markets are expected to have the highest growth rates at 7-10% CAGR during 2021-2025.

Healthcare is likely to be on top of the strategic agenda across geographies. The pharma industry will be closely monitored by governments in all countries in times to come. The biggest factor to look out for are the shifts in policies regarding healthcare and medicine spending. The pricing of medicines will be under increased scrutiny, an event that was already under way in most developed markets.

Indian Pharma Industry

As per a leading consulting firm Pharmexcil, the Indian pharma industry is approximately valued at US\$ 45 billion in FY21, ~8% growth compared to FY20. In the same period, the domestic market stood at US\$ 20.7 billion, which grew 2.1%, and the export market at US\$ 24.4 billion, grew 18.7%. India is the highest contributing market for export, first being North America, followed by the African countries & then Europe. As per IBEF, the Indian pharmaceutical sector supplies over 50% of the global demand for various vaccines, 40% of the generic demand for the US and 25% of all medicines for the UK.

The Indian active ingredients industry has progressed from being perceived as an industry manufacturing simple

molecules to becoming the preferred destination for high value and complex APIs. India ranks 3rd worldwide for pharmaceutical production by volume and 14th by value. The Indian Pharma Industry, right from APIs to finished dosage formulation is well poised to grow.

The Industry has seen significant amount of FDIs this year. Investment in companies ranges from APIs to formulations, human care to veterinary care. The Government also aims at reducing dependency on import of active pharma ingredients, its key starting materials or lower level intermediates to ensure sustainable growth and service the requirements of the global market. Towards this objective, the Government has announced the production-linked incentive (PLI) scheme and has been moving actively towards scaling the domestic manufacture of APIs/ISMs. With businesses moving India towards de-risking supply chain & investments pooling in, the capacity expansion will be enormous, catering to the global demand.

Covid-19 pandemic

With the rise of Covid-19 pandemic, economies around the world have suffered, and several businesses are also experiencing challenges in operations and supply chains again with the rise in 2nd wave of the pandemic in India. The pharma industry is at the forefront to combat Covid-19 and is gearing up to develop and manufacture vaccines and medicines to fight coronavirus, taking support of internal/external research. Vaccination drives have started, with capacity expansions and more vaccine approvals in the near future, creates a positive outlook for fighting the pandemic. Covid-19 has clearly highlighted the importance of a strong healthcare system. As India continues to fight Covid-19 and stabilise its economic growth trajectory, it is the right time for the country to apply learnings from the challenges and best practices that emerged during the pandemic.

Overall, domestic market growth for the year in India was slightly impacted due to Covid-19. However, the domestic business has seen an upward trend from the lockdown in 2020 and made a good rebound in recent months. On the other hand, the export market has grown significantly. This growth is likely to be sustained and will move further in the years to come.

In the global market, including the estimates of higher spending from Covid-19 vaccines and lower spending from existing treatments due to disruptions from the pandemic, the five-year CAGR to 2025 is expected to be 4.6%, compared to 4.5% if the pandemic had not taken place.

A range of changes in the use of medicines will be prompted by Covid-19, with demand for new vaccines and therapeutics as well as shifts in demand for existing therapies and changes in patient behaviours. While the pandemic has dominated much of the past year, the wider trends on the use of medicines continue to evolve relatively unchanged.

This would enable the company minimise risks/threats and avail the opportunities that emerge for business growth.

4.3 Covid-19 pandemic

There has been an unprecedented outbreak of Covid-19 coronavirus (Covid-19) which has affected the population across the globe and has been declared a pandemic. The virus multiplies in the body of an infected person and from there can be transmitted to others. The virus is released in the saliva droplets and nasal discharge of an infected person through exhalation, speaking, singing, coughing, and sneezing etc. Governments, medical fraternity and research establishments across the globe are grappling with development and administration of vaccines to prevent multiplication of the virus and for appropriate medication

for treatment. Governments of countries have been issuing guidelines for Covid appropriate behaviour to contain the spread of the Covid-19 virus, testing, tracing, isolation and treatment of the virus in likely infected persons, on measures for social distancing and imposed certain lockdown restrictions from time to time.

The Company constantly reviews its systems and processes and takes adequate measures to address these risks or meet its obligations.

The Company has significant exports, besides imports of inputs and hence has a large exposure to exchange rate risks. Given the instability in the global, political and economic environment and bilateral trade issues, there has been significant volatility of foreign currency rates. Such events are outside the control or horizon of Indian companies and it is becoming very difficult to accurately predict currency movements. In the long run, we realise the best way to manage currency fluctuations is to have a better geographic balance in the revenue mix factoring Company's competitive positioning, and to ensure a foreign currency match between liabilities and earnings.

UPON hearing counsel the Court made the following

O R D E R

By this Application M/s. Drive in Tourist Resorts Pvt. Limited is seeking modification of an Order by which we have directed the Court appointed Committee to take possession. They claim a right under a purported lease agreement dated 13th July, 2002 entered into between them and M/s. Golden Tourists Resorts and Developers Limited.

We have heard the parties at great length. We find that the Applicant-Company was incorporated only on 3rd May, 2002 yet M/s. Golden Tourists Resorts and Developers Limited at its meeting held on 5th November, 2000 passed a resolution authorising Ms. Pomila Sayal to sign a lease agreement with a Company which was not in existence at that time. We also find that on 13th July, 2002, when the purported agreement was supposed to have been executed at Village Jharmari, Tehsil Dehra Basi, District Patiala (Punjab), the said Ms. Pomila Sayal was in jail. In order to get over this difficulty, an Order dated 10th July, 2002 of the Special Judicial Magistrate was shown to us. It is submitted that by this Order Ms. Pomila Sayal had been permitted to leave the jail. We have, however, found that the Order is very clear. Certain papers had to be produced before the Joint Commissioner of Income Tax. The Order merely permits Ms. Pomila Sayal along with certain other persons to visit the Head office of M/s. Golden Forests (India) Limited in police escort. Thus, it is clear that even pursuant to this Order, Ms. Pomila Sayal could not have gone to Village Jharmari, Tehsil Dehra Basi, District Patiala to sign any such agreement. At the most, she may have visited the head office of M/s. Golden Forests (India) Limited which is in Chandigarh. We are not satisfied with the explanation that negotiations had taken place in the year 2000 and the minutes of meeting held on 5th November, 2000 takes note of that. No negotiation can take place with a Company which has not been incorporated. Also the minutes authorise signing of a lease agreement and it is pursuant to that authorisation that the purported lease agreement dated 13th July, 2002 was executed. The above factors clearly indicate that the resolution and the lease agreement are ante-dated. We are satisfied that they are ante-dated with the intention of by-passing the order of the Punjab and Haryana High Court dated 18th June, 2003 which specifically prohibits any sale, lease, mortgage, alienation, encumbrance of the properties of M/s. Golden Forests (India) Limited or its subsidiaries. It could not be denied that this Golden Tourist Resorts and Developers Limited is a subsidiary of M/s. Golden Forests (India) Limited.

Under these circumstances, it would become necessary to terminate the lease agreement and to take back possession. However, in our view as all claims have not yet been received and the process of winding up of M/s. Golden Forests (India) Limited and its subsidiaries will take some time, it is in nobody's interest to let this property lie idle and deteriorate. Therefore, it becomes necessary to appoint some agent of the Court appointed Committee to run the property. We, therefore, call upon the Court appointed Committee to issue advertisements in various newspapers in Delhi, Chandigarh and Himachal Pradesh calling upon parties who are desirous of running the Resort as agents of the Court appointed Committee to give bids in writing along with an earnest deposit of Rs.5 lakhs. It must be clarified that no bid below Rs.1 lakh per month would be accepted. After all bids are received, the Applicants will be permitted to meet the highest bid. If the Applicants are willing to meet the highest bid, the Resort to be given to the Applicants, otherwise to the highest bidder under an order of the Court to be then obtained.

The Applicants are, in the meantime, permitted to run the Resort on payment of sum of Rs.1 lakh per month on their filing an undertaking in this Court within one week to the effect that in the event of their not being the successful bidder, they shall hand over quiet, vacant and peaceful possession to the Court appointed Committee forthwith without making any claim whatsoever. In case the Applicants are the highest bidder, they shall pay the monthly compensation at the rate then fixed with effect from today.

I.A. No. 40 stands disposed of.
List all other Applications on 29th July, 2005.

UPON hearing counsel the Court made the following

O R D E R

1. On our direction the counsel appearing for the Securities & Exchange

3

Board of India [SEBI] has filed the Note dated 4th of September, 2006 containing the factual history of the case along with the directions sought for by the Committee. There is no dispute on the facts stated to us by the SEBI in the aforesaid Note submitted by the SEBI, which are as follows:

2. M/s. Golden Forest (India) Limited, Chandigarh [for short "GFIL"], the respondent herein, was incorporated on 23rd February, 1987 and was granted certificate of commencement of business on 6th March, 1987. The main objects of the GFIL were, inter alia, development of agricultural land, social forestry farms, etc. From the commencement of the business, the GFIL had come out with several schemes for raising funds from the investors. The GFIL had mobilized approximately Rs. 16 lakhs in 1987, Rs. 3 crores by 1990 and by the year 1997 it had mobilized about Rs.311 crores. It had also acquired about 7750 acres of land. It had mobilised an amount of Rs.1037 crores as on 31st December, 1997 on a capital base of Rs.10 lakhs only.

3. On the basis of investors' complaint, the Department of Company Affairs had found the GFIL violating various provisions of The Companies Act as well as accounting and auditing procedures.

4. On 26th November, 1997 by a press release as also public notice dated 18th December, 1997, SEBI had called upon the existing "Collective Investment Schemes" to submit information to SEBI and further informed that the Regulations are under preparation and till that time no further schemes are to be sponsored.

5. Thereafter SEBI conducted survey on various collective investment schemes floated by different persons including the respondents. On the basis of the survey reports, SEBI issued order dated 9th January, 1998 to the GFIL under Section 11B read with Section 11 of The Securities & Exchange Board of India Act [for short "the SEBI Act"] directing it not to mobilise any further funds from the investors and restrained it from selling, assigning or alienating any of the assets out of the corpus of the scheme. The GFIL however questioned the power

4

) the SEBI to issue such directions.

6. Having received further complaints of misappropriation of funds and transfer of funds by GFIL, SEBI requested the Government to take action against the company-GFIL.

7. Due to non compliance of the aforesaid order dated 9th January, 1998 and to protect the interest of investors, SEBI filed a Writ Petition in public interest (PIL) being Writ Petition No. 344 of 1998 before the High Court of Judicature at Bombay, seeking certain restraint orders against the GFIL and its promoters/directors. SEBI, being the statutory administrative body to monitor the stock market, filed the aforesaid Writ Petition - WP No. 344/98 to protect the interest of various investors in GFIL since the GFIL failed and neglected to get itself registered under the SEBI (Collective Investment Scheme) Regulations, 1999 and to subject itself to regulating mechanism of SEBI under the powers conferred upon it under the SEBI Act.

8. The following directions were sought in the aforesaid writ petition before the High Court of Bombay:

"a) that this Hon'ble Court issue a writ of Mandamus or a writ in the nature of mandamus or any other writ, direction or order under Article 226 of the Constitution of India, directing Respondent No.2 to issue orders against all the Commercial Banks and/or Cooperative

banks where Respondent No.1 has an account directing the Commercial Banks and/or the Cooperative Banks to restrain Respondent No.1 from withdrawing any funds from any of its accounts with the said commercial banks and/or Cooperative banks and /or any of their respective branches whether in India or abroad.

b) that pending the hearing and final disposal of this Petition this Hon'ble Court may be pleased to appoint any fit or proper person as a Special Officer or may appoint any agency as this Hon'ble Court may deem fit to operate the Bank accounts of Respondent No.1 to pay off those investors whose investments have matured or are likely to mature shortly;

c) that pending the hearing and final disposal of this Petition the Special Officer or agency as the case may be directed by an order of this Hon'ble Court to act in accordance with the directions given from time to time by this Hon'ble Court if this Hon'ble Court deems

5

fit and proper;

d) that pending the hearing and final disposal of this Petition, Respondent No.2 be ordered and directed to issue orders against all the Commercial Banks and or Cooperative Banks where Respondent No.1 has an account directing the Commercial Banks and/or the Cooperative Banks to restrain Respondent No.1 from withdrawing any funds from any of its accounts with the said Commercial Banks and/or Cooperative banks and/or any of their respective branches whether in India or abroad;

e) that pending the hearing and final disposal of this Petition, Respondent No.1 by itself or by its servants and agents be restrained by an order of this Hon'ble Court from receiving any monies from any investor under a new scheme or existing schemes, from operating any of its Bank accounts by withdrawing any monies from any of its bank accounts or from transferring, selling, assigning or alienating in any way the assets created out of the corpus of the Schemes of Respondent No.1 or from in any manner dealing with or disposing off any of its assets whether moveable or immovable tangible or intangible without the prior written permission of the Petitioner.

f) that pending the hearing and final disposal of this Petition this Hon'ble Court be pleased to direct Respondent No.1 to render its full and complete accounts in respect of the funds mobilized by Respondent No.1 under all its schemes, payments, if any, made to its investors, source of such payment and details of monies to be immediately repaid to the investors under all its schemes, and to hand over true copies of all books of accounts, bank statements and all banking documents, papers, vouchers, records, registers and all other documents containing details of the land, documents supporting the purchase or lease of various land including lien agreements entered into with the various unit holders from inception till date, in it

custody possession and power to the Special Officer or Agency as the case may be.

g) for interim and ad interim reliefs in terms of prayer (b) to (f) above;

h) for costs of this Petition; and

i) for such further and other reliefs as the nature and circumstances of the case may require or as this Hon'ble Court may deem fit and proper:"

9. The High Court of Bombay passed various orders from time to time protecting the investors' interest by way of injunction, restraint orders and also directed the SEBI and Reserve Bank of India [RBI] to constitute a Committee for

6

taking stock of the situation. The Committee was constituted and report was

submitted which affirmed various violations and manipulations and non-genuineness of the schemes of the GFIL. On an order passed by the Bombay High Court, Credit Rating Information Services of India Ltd. [CRISIL] gave a high risk rating to the GFIL as Grade-V.

10. GFIL through the constituted attorney filed an affidavit dated 14th July,

1998 and informed that the GFIL and its subsidiaries had total assets worth

Rs.1395.41 crores as on 31st March, 1998; that its investment mobilised and

outstanding are at Rs.735 crores as on 7th of March, 1998 and; that they were

confident of meeting all the liabilities and have also formulated a scheme of premature repayment.

11. The High Court of Bombay by its order dated 23rd of November, 1998,

approved the scheme of premature repayment as proposed by the GFIL, with interim directions. The said order is extracted in extenso:

" Heard the learned counsel for the parties.

2. It has been pointed out by the learned Counsel for the company that the company is at present holding land worth about Rs.1,350 crores and is in a position to repay the amount of all the investors.

3. He, therefore, states that the company and its Directors shall give an undertaking to this Court on or before 30th November 1998 to the effect that the company is prepared to refund the amounts of the shareholders as well as

the investors if they so demand and the demand application is received by the company and/or its Directors on or before 31st January 1999. He further states that public advertisements would be issued in leading newspapers all over the country on or before 15th December, 1998 for the said purpose. He further submits that genuineness of the demands/applications would be processed by the company or its Directors on or before 31st March 1999. Wherever the applications are found to be of genuine shareholder or investor, the amount invested by them would be refunded on or before 31st December 1999 with interest thereon @ 10% per annum.

4. In view of the aforesaid statements, the company and its Directors are directed to file necessary undertaking on or

7

before 30th November 1998. It would be open to the respondent-company to apply to concerned authorities as also to this Court, after 31st March 1999, for sale of some part of the land for realizing the amount and paying it over to the investors who have demanded refund of amount/and or deposits.

5. The respondent-company and its subsidiaries as well as the Directors are directed not to dispose of any property of the respondent-company or its subsidiaries or its Directors till further orders.

6. Stand over to 1st April 1999.

7. Issuance of certified copy of this order is expedited."

[Emphasis supplied]

The GFIL assured the High Court that it was complying with the scheme of repayment as approved by the High Court and prayed for removal of restraint orders so as to withdraw the funds and make repayment. The High Court permitted the GFIL to negotiate sale of assets with a view to generate liquidity to pay off the liabilities but not to create any interest in the assets in favour of the proposed purchasers and should not enter into any agreement. The GFIL initially sought permission of the High Court of Bombay to sell off 19 properties but could not sell or negotiate and moved the High Court. Thereupon, the High Court Bombay appointed Hon'ble Mr. Justice M.L. Pendse (retired Chief Justice) as private receiver vide its order dated 16th February, 2000 to sell

the 19 properties as given in Annexure to the affidavit filed by GFIL.

13. After the appointment of Justice Pendse as private receiver for disposing of 19 properties of the GFIL to repay to the investors, a number of writ petitions came to be filed in various High Courts along with applications for restraint against the sale of properties and other similar relief so as to frustrate the working of the private receiver appointed by the High Court of Bombay.

14. The SEBI, apprehending that the various writ petitions filed in the various High Courts may result in passing of conflicting orders, thus frustrating the payment to the investors, filed a petition in this Court, seeking transfer of

8

Writ Petition No. 344/98 from the High Court of Bombay to its own board and stay of the proceedings in other High Courts in relation to the writ petitions. This Court vide its order dated 12th September, 2003, while allowing the transfer petition, transferred to this Court:

- (i) W.P. No. 344/1998;
- (ii) all proceedings referred to in Annexure P-3 to the Transfer Petition;
- (iii) all winding up Petitions (other than listed in Annexure P-3), if pending in any High Court; and directed
- (iv) that no other Court except this Court to entertain any winding up proceedings relating to the GFIL; and
- (v) the order to be communicated to all Courts.

15. The writ petition so transferred (being WP No. 344/98) from the High Court of Bombay was renumbered as Transferred Case No. No.2/2004.

16. In the High Court of Punjab and Haryana at Chandigarh a winding up petition being Company Petition No.60/2001 was filed in which Mr. Justice R.N.

Agarwal (retired Chief Justice of the High Court of Delhi, now heading the Committee appointed by this Court) was appointed as the provisional official

liquidator. The said Company Petition was also transferred to this Court and numbered as T.C. No. 68/2003. Similarly, other cases which were pending in various other High Courts were also transferred to this Court.

17. On 27th July, 2004 this Court passed a detailed order and dealt with IA Nos. 1, 9 and 28 of 2004 and passed certain interim directions and put forward a proposal for appointment of a Committee. The gist of the said order is as under:

interim payment by the applicant to Provisional Liquidator to continue on month to month basis by 15th of each month. This is in

arrangement. IA not disposed off.

18. Thereafter the matter came up before this Court on 17th August, 2004

and again this Court passed an order for appointment of a Committee and

dismissed the applications of various parties to be impleaded as parties. Certain restraint orders were passed against the GFIL, its Directors, Officers, employees, agents and/or power of attorney holders from creating any third party rights on any of the assets. The gist of the said order is as under:

All petitioners in Transfer Petitions to file their copies of petitions and copies be given to SEBI & RBI and other parties within a month.

The Company, its Directors, Officers, Employees, agents and / or power of attorney holders are restrained from alienating, encumbering, creating any third party rights or transferring in any manner whatsoever any of the assets of the Company and/or their personal assets and restrained from making any withdrawals from

IA No. 25 in TC No.2/2004 dismissed as withdrawn.

IA No. 11 in TC No.2/2004 dismissed as infructuous.

IA No. 28 in TC No.2/2004: Time to deposit extended by four weeks. If not deposited within four weeks, the earlier order to stand vacated.

Matters directed to be listed on 19th August, 2004.

19. On 19th of August, 2004, this Court had appointed Hon'ble Mr. Justice K.T. Thomas, a retired Judge of this Court, with an officer nominated by RBI and SEBI both as a Committee, with various directions which are summarized as under:

(i) The Chairman of the Committee at liberty to appoint CA to assist.

(ii) Committee to take in custody all assets of the company [GFIL] with the help of Police/DM, if required.

(iii) Committee to issue advertisements calling upon all

11

creditors to submit their claims before the Committee.

(iv) After realization of the assets and scrutinization of the claims the Committee to put up a report to this Court [in 6 months]

(v) The Provisional Liquidator and the Bombay High Court receiver discharged and directed to handover all books, assets etc. to the Committee.

(vi) Committee may have to visit and function at different places.

(vii) FDR's to remain in the name of Provisional Liquidator till maturity and thereafter in the joint names of Committee members.

(viii) Provisional Liquidator not to alienate or encumber the receipts in any manner.

(ix) Committee granted liberty to approach this Court.

20. On the inability expressed by Hon'ble Mr. Justice K.T. Thomas to head the Committee, this Court on 10th of September, 2004 appointed Mr. Justice R.N. Agarwal, who had been appointed as Provisional Liquidator by the Punjab and Haryana High Court in Company Petition No. 60/2001 as Chairman of the Committee along with an official each of the SEBI and RBI as members.

21. Thereafter the matter has been coming up before this Court from time to

time and the Court has been passing certain directions.

22. The Committee headed by Justice R.N. Agarwal has, inter alia, filed a status report dated 10th of August, 2006 supplemented by the report dated 2nd of September, 2006 seeking certain directions.

23. We have taken into consideration these status reports. As per these reports, the directions are sought by the Committee on the following points :

A. Reconstitution of the Committee:

B. Immovable properties - identification, taking possession and removal

12

of encroachments:

C. Directions regarding sale of properties:

D. Setting aside sale of immovable properties:

E. Various settlements by or on behalf of the respondent-company

F. Directions regarding claims made by investors on their investments:

G. Properties of Golden Group:

H. Action against Manzoor Ahmad Shah:

24. We would take up these points one by one and pass appropriate orders on each of them separately.

A. Reconstitution of the Committee:

25. Reconstitution of the Committee for faster results has been sought with the Chairman and other members who have experience and interest in the field work and also sale of properties. Also a small police force including an officer with the rank of Deputy Superintendent of Police [DSP] is sought to be attached with the Committee. It was stated that the officials appointed by the SEBI and RBI as members of the Committee had little to contribute in matters of realization of properties. The Committee has suggested some names for induction in the Committee and also obtained telephonic consent from one of them.

26. Justice R.N. Agarwal shall continue to be the Chairman of the Committee.

27. Counsel appearing for the SEBI and Mr. R.K. Jain, learned senior counsel appearing for the GFIL have no objection to such reconstitution of the Committee and the officials of the SEBI being relieved. RBI is not a party before us. Accordingly, we relieve the officials of SEBI as well as RBI from being members of the Committee and in their places S/Shri H.L. Randev and B.S. Bedi, former District and Sessions Judges in the State of Punjab, are appointed as members of the Committee.

13

28. It is submitted by Shri R.K. Jain, learned senior counsel appearing for the Company, that an officer of the GFIL should also be taken as a member of the Committee which prayer is rejected. However it would be open to the Committee, if it deems fit, to take assistance of any officer of the company to identify the companies and their assets.

29. The Committee has not suggested the names of any officer from the revenue or the police whom it seeks to associate with itself in discharging its work effectively. We leave it to the Committee to appoint one retired revenue officer as well as a police officer who it thinks to be of assistance.

30. The Chairman of the Committee shall determine the remuneration which is to be paid to the other members of the Committee as well as the officers so appointed. The Chairman of the Committee shall also be at liberty to requisition the services of a revenue official and a police officer from the Chief Secretaries of Punjab / Haryana who are directed to release the officers, so requisitioned, to assist the Committee to effectively discharge the work entrusted to it.

B. Immovable properties - identification, taking possession and removal of encroachments:

31. Directions are sought to be given to the Deputy Commissioners and
 Civil and Revenue authorities of the States of Punjab and Uttaranchal to
 help in ascertaining the details of the properties owned by the GFIL and to extend
 all help and cooperation to recover the possession of such properties with the
 help of police, if and wherever required and to demarcate the lands belonging to
 the companies in accordance with the revenue entries relating to the year 2000
 and onwards.

32. The GFIL or any of the other lawyers representing various other
 claimants have no objection to issuance of the directions sought for by
 the
 Committee under this point.

33. Accordingly, the Deputy Commissioner and other revenue authorities in

14

the States of Punjab / Haryana and Uttaranchal are directed to help the Committee
 in ascertaining the details of properties owned by GFIL and to extend all help and
 cooperation to recover the possession of such properties even with the help of
 police, if and when required, and to demarcate the lands belonging to
 the
 companies in accordance with the revenue entries relating to the year 1998 and
 onwards.

34. Chief Secretaries and the DGPs./IGPs. are directed to issue suitable
 directions to all the Deputy Commissioners, police officers and civil servants to
 render such help.

35. The civil as well as police authorities are also directed to take action
 against the illegal encroachments and construction adjoining the Resort at Billa.
 Revenue authorities of the respective States are also directed to help in removal
 of such illegal encroachments.

C. Directions regarding sale of properties:

36. Directions for sale are sought in respect of the properties at Jharmari, la) at Village Kot Billa, Jaswant Garh and other adjoining villages and a Resort at Nalagarh, and the mode and procedure for the sale of the properties of GFIL, possession of which has been taken.

37. The Committee is put at liberty to put to sale the properties at Village Jharmari, lands at Village Kot Billa, Jaswant Garh and other adjoining villages and a Resort at Nalagarh and other properties of GFIL, possession of which has already been taken by the Committee, by auction after due publicity. The sale shall be subject to the confirmation by this Court. After the properties are put to sale, the Committee shall report to this Court about the auction sale effected which shall be subject to the final orders of this Court.

D. Setting aside sale of immovable properties:

38. The Committee has sought the following directions :

(a) to issue directions for setting aside the illegal sales of properties of

15

GFIL and its subsidiary and associate companies for the following periods contrary to the orders passed by this Court from time to time and to bring back the status quo ante as of the date of appointment of the Provisional Liquidator:

1. Period prior to the appointment of provisional liquidator in the winding up petition in Punjab High Court / Delhi High Court and their respective restraint orders.
2. Period between the appointment of provisional liquidator and the date of restraint order dated 17th August, 2004 passed by this Court and the appointment of the present Committee; and
3. From 17th August, 2004 till date

39. Insofar as the period prior to the appointment of provisional liquidator in the winding up petition in the Punjab and Haryana High Court and Delhi High Court is concerned, the Bombay High Court in its order dated 23rd November, 1998 had restrained the company, its subsidiary as well as directors not to dispose of the properties of the respondent company or its subsidiaries or its directors till

further orders. It would be to the Committee to make appropriate recommendations to this Court regarding the status of sales made after the restraint order passed by the Bombay High Court on 23rd November, 1998. Any application putting a claim for settlement of properties after the restraint order passed by the Bombay High Court should be made to the Committee which shall be at liberty to make appropriate recommendations to this Court for its consideration.

40. Insofar as the settlement/sales of immovable properties for the period between the appointment of provisional liquidator passed by the High Court of Punjab and Haryana and the restraint order dated 17th August, 2004 passed by this Court are concerned, any sales/settlement made contrary to the orders passed after the appointment of Provisional Liquidator by the High Court of Punjab and Haryana on 20th January, 2003 and the restraint order passed on 17th August, 2004 by this Court shall be ignored and the Committee would be at liberty to get hold of those properties by taking vacant possession thereof with the help of civil and police authorities and deal with them in accordance with the directions

16

already given.

Various settlements by or on behalf of the respondent-company:

41. The following directions are sought by the Committee:

- (i) decide the legality and validity of thousands of settlements alleged to have been entered into with the Respondent Company under the Resolution dated 5th December, 2000.
- (ii) deal with the surplus land declared by the Punjab government under the Urban Land Ceiling Act or otherwise; and
- (iii) issue appropriate orders and directions regarding properties of the subsidiary and associate companies including Golden Projects Ltd.

42. The directions issued in clause (a)(i) of point D regarding setting aside of immovable properties would ipso facto be applicable to the directions sought

in clause (i) of Point E.

(ii). The Committee shall be at liberty to take appropriate steps by
le
revisions, appeals, representation or avail of any other alternate remedy to deal
with the surplus land declared by the Punjab Govt. under the Urban Land Ceiling
Act or otherwise.

(iii) Mr. Jain has filed a list of 110 companies which formed the
group
companies of GFIL dividing them into three categories (a) GFIL and its assets
mentioned at serial Nos. 1-90 (b) Golden project and its associate compa
nies
mentioned at Serial Nos. 91-104, which do not form part of the GFIL and (c)
Societies and Trusts mentioned at Serial Nos. 105-110, which would also
outside the GFIL.

43. Mr. Jain, learned senior counsel for the Company, has no objection to
the Committee taking over the properties and assets of the companies mentioned
at serial nos. 1-90. The Committee would be at liberty to take hold
of the
properties of the companies mentioned at Sl. Nos. 1-90 as well and deal with
them as a part of the properties of GFIL.

17

44. Insofar as the properties of the companies mentioned at Sl. Nos. 91-104
belonging to Golden Project and its associates and the properties of societies and
trusts mentioned at Sl. Nos. 105-110 are concerned, Mr. Jain states that he would
seek instructions and file an affidavit if they can be taken as the properties of
GFIL, within two weeks from today.

F. Directions regarding claims made by investors on their investments:

45. The following directions are sought

(a) to decide upon the cut off date for entertaining claims

(b) to accept claims for consideration of only those claimants who
have original authenticated receipts issued by the responden
t
company;

(c) to categorise the range of investment by depositors and treat the small, medium and big investors in separate categories;

(d) not to permit entertainment of claims based on alleged deposit accepted by the Companies agents in the year 2001 till date, even after the closure of the business of the Company. No

claim
be
without clear proof of deposit of money with the company
directed to be considered:

(e) to reject the claims of investors of Golden Projects Ltd. Since the investors were and are claiming to be under the impression that all the companies known as Golden Group of Companies belong to GFIL and are owned and managed by the Sayal family.

46. By an order dated 20th January, 2005 this Court had directed the Committee to issue advertisement fixing the cut off date which was extended by three months. The committee issued advertisement in 25 newspapers on 19th and 20th February 2005 inviting applications within three months of the said date.

47. Counsel appearing for the Committee has stated before us that the claims have been received even after 20th May, 2005 and the Committee has included all the claims filed before it up to 10th of August 2006. Cut off date is fixed as 10th August, 2006. Hence, all claims filed before the Committee by the cut off date fixed, i.e., 10th August, 2006 be taken into consideration for

disbursement of the assets of the GFIL after verification of the claims.
The

Committee should accept the claims of only those claimants, who have original authenticated receipts issued by the GFIL. The Committee shall categorise the range of investment by depositors and treat the small, medium and big investors in separate categories. Appropriate orders regarding disbursement of the amount among the small, medium and big investors shall be passed at a later date, after the total amount of sale of the properties is received. The Committee shall not entertain claims passed on alleged deposits accepted by any agents in the year 2001 till date after the closure of the business of the GFIL. No claim without clear proof of deposit of money with the company shall be considered.

G. Properties of Golden Group:

48. Committee has sought powers to investigate and ascertain the fund flow and acquisition of properties out of the investors' fund in GFIL and to authorize it to take possession of all such properties as in case of properties of GFIL. A further direction to hand over the possession of the Golden Group complex situated in Punjab, is sought under this point.

49. So far as the properties of the Golden Group, which can be clubbed with GFIL, is concerned, we have already passed appropriate directions on the applications filed in Court by the GFIL.

H. Action against Manzoor Ahmad Shah:

50. Mr. Manzoor Ahmad Shah [M.A. Shah], one of the investors, is in possession of certain flats at village Jarout, Tehsil Derabassi in District Mohali. He had filed CWP No. 693/04 in this Court, seeking a mandamus not to treat the properties under his occupation as the properties of the company as his claims have already been settled with the company. The petition was rejected on 5th January, 2005 and the following order was passed:

"As set out in the petition, this Court has appointed an Administrator of the golden Forests (I) Limited. The purpose is to see there is an equitable distribution amongst all the depositors and creditors. Preferential treatment to any particular depositors and creditors cannot be permitted. It is not open for the company to allot any premises to any particular party, prayer asked for therefore stands rejected. The petitioner will hand over the

property to the Administrator if the Administrator has not already taken charge thereof. The writ petition stands dismissed."

51. It is apparent from the reading of the afore-quoted order of this Court that M.A. Shah could not be treated as a preferential depositor or creditor. The company was not at liberty to allot premises to any particular party. M.A. Shah was directed to handover the property to the Administrator if the Administrator

has not already taken charge of the same. In spite of the said direction, M.A.

Shah has not handed over the property to the Administrator. Mr. Shah is

directed to handover the vacant possession of the property to the Committee

forthwith and, in case he fails to handover the same within a period of fifteen

days from today, the Committee shall be at liberty to approach the Deputy

Commissioner, Mohali, to get the vacant possession delivered with the help of police force, if need be.

52. It is reported to us that M.A. Shah has parted with possession with a part of the property to Punjab College of Engineering and Technology [for short "the College"] for running hostel and a mess in the said flats.

53. The College is directed to report to the Committee to prove its title over the property and in case it has taken over possession from M.A. Shah, then the College is directed to handover the vacant possession of the same to the Committee and, in such case, the College would be at liberty to recover the money from M.A. Shah. Similarly, any other person who has taken possession of the property through M.A. Shah, shall also handover the vacant possession of the property to the Committee. The Committee is put at liberty to recover the vacant possession of such properties with the help of civil / revenue authorities within one month from today.

54. Applications filed by the settlers would now be dealt with by the Committee in view of the directions contained in this order.

55. IA Nos. 6/05, 16-18/05, 19/05, 20/05, 21-22/05, 36/05, 41-42/05, 46/05, 47-48/05, 23/06, 49/06

These applications are dismissed with liberty to approach the Committee for appropriate orders in accordance with the directions issued in this order.

56. IA 45 has been filed by Shri Tapas Kumar Khan seeking certain directions. He is directed to approach the Committee and the Committee shall pass appropriate orders. IA stands disposed of.

57. IA 50 is dismissed.

58. IA 4 in WP 188/2004

No orders. To be taken up with main case.

59. IA 44 is dismissed.

60. Thus, all the applications for impleadment / intervention / directions / clarification / modification stand disposed of accordingly.

UPON hearing counsel the Court made the following
ORDER

I.A.NO.27 IN T.C.(C) NO.68 OF 2003

14. Farmland in village"- Kot, Billa & Jasantgarh, Area Approx 700 Killa

Out of 14 bidders as regards 3 items of properties, the highest bidder had not deposited the 25% of the bid amount in time, therefore, Item-5 School, village Jharmari, Area Approx 19 Killa, Item-12 Tourist Resort, village Billa, Area Approx 117 Killa and Item-14 Farmland in village Kot, Billa & Jaswantgarh, Area Approx 700 Killa, are excluded from confirmation.

As regards other 11 items of properties, the Committee has stated that as regards Items 3,6,7 & 9, it is suspected that sale price was not satisfactory and there might be a possibility of under bidding. But it may be noticed that the very same purchasers are

before this Court and filed applications praying that they may be excluded and the same may be confirmed, since the sale had taken place in 2006. We are not inclined to accept these contentions. As regards Items 1,2,3,4,6,78,9,10,11 and 13, the sale, in respect of these properties are confirmed.
